

INVOICE FINANCE

For Haulage and Transportation

For courier companies, cashflow is the lifeblood of operations. From fuel costs to vehicle maintenance, wages and insurance the expenses never stop.

Invoice finance is the unsung hero of the logistics world and can revolutionise your business, propelling it to new heights.

Invoice Factoring

Invoice finance is like having a financial superhero in your corner. It allows businesses to unlock cashflow otherwise tied up in unpaid invoices.

Instead of waiting for customers to pay, we can pay your business within 24 hours, ensuring cashflow is available for your business' expenses.

With stable cashflow, growth is inevitable.

Here's how it works:

- 1) You complete your delivery and invoice your customer.
- 2) We advance you a significant proportion of the invoice value.
- 3) When your customer pays us, you receive the remainder.

It's that simple.
